Chief's Report

For

December 2024

I attended one meeting in the month of December with St. Clair County Fire Chief association, general business was discussed.

FF Dueweke and Kinch will be starting their Firefighter 1 & 2 class in January 2025 in Marysville.

I would like to thank the following agencies and businesses for their assistance during the water main break;

St Clair County Emergency Management- Justin Westmiller and his team for their quick response getting the Island residence the much-needed resources, by providing 5 pallets of 2.5 gallon box drinking water and setting for long term if the break took longer to fix; which included shower units bathrooms and porta potty; and working with the State of Michigan to get us any further assistance we may need.

Mr. Todd Chartier and Greg Furtah from ML Chartier Trucking provided a 4,000-gallon water truck Thursday afternoon.

W C Beardslee for storing the department's airboat to make room at the island station.

Kroger's for delivering 18 pallets of bottle drinking water Thursday evening on the day of the break.

Meijer for delivering 18 pallets of bottle drinking water on Friday evening.

Great Lakes Water and their team came out for two days; Saturday and Monday; with 3 - 2,000 gallon tankers with drinkable water, and filling 1-gallons jugs to supply to the Island residence.

Dave Vandenbossche from Vandenbossche Farms and Maple Landscaping for the use of their box truck and their medium loader to transport pallet bottle drinking water to the island.

When I was notified of the water main break at 12 AM I notified station #1 & #2 advising of the situation on the island and they would need to respond with the appropriate equipment due to no working hydrants on the island. Clay's 3,000-gallon water tanker was reassigned to station#2 during the break for water supply to assist in the absence of usable hydrants. I would like to thank the men and woman of my department for there hard work during the water outage.

Fire Department Training; Fire Rescue1 Academy Training for the month 40 hours, Medical Training 35 Hours, Department / Crew Training 25.5 Hours.

Respectfully

  
George F Rose
